

VOTE

Peru Central School Board

MARK HAMILTON

My name is Mark Hamilton, and I am running for re-election to the Peru Central School Board.

For 14 years, I have served as Executive Director of the Plattsburgh Housing Authority, managing budgets, negotiating union contracts, and working with elected officials statewide. Before that, I taught social studies and served as Dean of Students at Peru Central, and I hold both School Building Leader and School District Leader certifications. For the last five years I have had the privilege of serving on the Peru Central School District Board of Education. I am hoping to continue my service.

My combination of classroom experience, administrative leadership, and private sector background gives me a well-rounded perspective on the challenges facing our district — from budget responsibility to supporting at-risk students.

My family has been part of this community for over a century, and my wife and I knew we wanted to raise our family here. Our daughters now attend Peru Central. I am committed to ensuring our teachers have the resources they need and that every student receives the support they deserve.

Thank you for your vote!
